

As a Certified Service Disabled Veteran Organization, we are dedicated to providing products and services to our customer that consistently meet expectations and contractual requirements. Our valued relationships with the customer and supplier base is crucial to our mission success and maintaining our reputation as a leader in our industry.

The Quality Policy of LCS Solutions is to deliver the best value products and services that exceed customer expectations. This includes:

- Consistently meeting customer requirements,
- Always providing our customers with the best products and services available,
- Continually improving the management system and the products/service we provide to our customers, and
- Adhering to all relevant and applicable requirements (internal and external), as well as those defined in the International Standard.

Measurable goals and objectives are defined in OM-100, Appendix D, which are evaluated and acted upon at defined intervals. These goals help us achieve and improve our overall mission, quality policy, and business strategies.
